

Façade Plus Program

The Wheat Ridge Business District is looking for commercial property owners and businesses willing to invest in their properties in the City of Wheat Ridge to make a dramatic change in the curb appeal of their buildings and properties. The Wheat Ridge Business District has existing grant programs that match improvements in certain categories up to certain limits. The Façade Plus program is an effort to have a larger category to consider larger in scope projects that include substantial changes to the façade.

Potential project funding ratios

Project value	Potential matching ratio
\$12,001* - \$20,000	50% match up to cap of \$10,000
\$20,001 - \$50,000	33% match up to cap of \$16,500
More than \$50,000	25% match up to cap of \$35,000

*Projects at \$12,000 and under can be done through the normal Façade grant program

There are 4 steps in this limited time program and they are designed to keep paperwork to a minimum for potential applicants.

- 1) Submit the one page contact and project form (available on the website) with a one page Letter of Intent describing the scope of your proposed project, why this project will positively impact the property and businesses located at the site, and why it will positively impact Wheat Ridge. The Façade Plus contact and project form is due **April 15, 2019**.
- 2) The Wheat Ridge Business District will conduct a site visit with those who submit complete information by the **April 15, 2019** deadline. Site visits will be an opportunity to walk the proposed project site with Wheat Ridge Business District representatives to lay out the vision for the project.
- 3) From the pool, the Wheat Ridge Business District will select a few potential projects and invite them to put forward a full application. The information will include estimates, photos, renderings, and full project budget and narrative for consideration.
- 4) The Board will make a decision and applicants will have one year to complete proposed projects and be reimbursed for awarded amounts.
